WHAT IS A BUSINESS BUILDERS GROUP?

Our Business Builders are small groups of area businesses that meet in collaboration to grow their businesses. Members develop relationships that enhance their networking and marketing opportunities. Each group has a captain that corresponds with the Chamber and will preside over each meeting.

The system is ideal for small businesses working to establish themselves and for businesses looking to expand and generate new contacts. Businesses always need collaboration and support services. Business Builders help identify fellow Chamber members that might be interested in working together.

GUIDELINES AND POLICIES

- You may only represent companies or services for which you hold Chamber membership.
- Only one representative of an industry will be appointed to each group.
- If no seats are currently available in the group, your name will be placed on a waiting list.
- Only Chamber business members may participate in the groups. Members must also be in good standing with the Chamber.
- Group membership is based on attendance (can't miss more than three consecutive meetings) and participation.
- Chamber member guests are always welcome at each Business Builders group, provided there is no other representative from the same industry within the group. Non-Chamber guests may attend three meetings. Please contact the Chamber for non-Chamber member guest approval.
- Participation in Business Builders is **free** for Fruita Chamber members and adds additional value to your current Chamber membership.
